11.00-12.30 Pre-summit Dialogue Sessions

Mindful Leadership in a Turbulent World (Room G2)

Good mental health is vital to our overall health and well-being. To take advantage of the Asian century, what mindsets and competencies are required for the region's new leaders to keep Asia secure, peaceful, and thriving in the 21st century? How do we maintain the clarity of mind and emotion, align our thoughts and action, reinforce our inner strength and make wiser decisions?

- **Richard David Hames**, Founding Director, The Asian Foresight Institute, Thailand
- **Elisabetta Jiang**, Co-founder, Unicorns For Good, Singapore
- **Penny Low**, Founder, Social Innovation Park, Singapore

Building Brands (Room G3)

In China, consumer behavior – especially among the younger generation – is changing rapidly. Consumers increasingly prefer to buy products from local brands. Concurrently, ambitious Chinese firms want to become globally branded players, moving from the backstage role into the limelight. What will it take to establish brands of Chinese origin? How to create brands that last?

- **Bernhard Bauhofer**, Founder and Chief Executive Officer, Sparring Partners, Switzerland
- **Hu Danning**, Founder, Danning Tea, China
- **Liu Chang**, Partner and Chief Designer, Angeperle, China
- **John Probandt**, Chairman, CITIC Rising Star Travel Investment Co., China
- **Wang Jingwen**, Co-Founder, Deyi Machinery Group Co., China

Chaired by

- **Mei Chen**, Founder, Cosmic Citizens, China

12.30-14.00 **Welcome Lunch Reception** (Level 2)

Horasis, Becamex, Binh Duong Province and the China Federation of Industrial Economics welcome participants to celebrate the sixteenth Horasis China Meeting. Participants will enjoy a prodigious reception at the Binh Duong Convention and Exhibition Center.

Chaired by

- **Vo Van Minh**, Chairman, Binh Duong Province, Vietnam
- **Xiong Meng**, Executive Vice Chairman, China Federation of Industrial Economics, China
- **Frank-Jürgen Richter**, Chairman, Horasis, Switzerland

14.00-15.00 **Opening Plenary: Rebuilding Globalization** (Auditorium)

Inter-Asian and global trade have rebuilt after the pandemic, with Vietnam and China both poised to become centers of new global trading routes. What are the product sectors that show the greatest promise for China and for Vietnam? How well will China and Vietnam's major transport infrastructure developments aid their joint progress? Where do their individual strengths lie?

- **Anson Chan**, Chairman and Managing Director, Bonds Group of Companies, Hong Kong, China
- **Fu Qiang**, Chief Engineer, China Sinopharm International Corporation, China
- **Mike Liu**, Vice President and Senior Fellow, Center for China & Globalization, China
- **Nhan Huc Quan**, General Director, New Toyo Company, Vietnam
- **Zhi Peng**, Secretary General, Zhongguancun M&A Promotion Association, China

Chaired by

- **Thai Linh**, Chief Executive Officer, Skills Bridge, Vietnam

15.00-16.30 **Dialogue Sessions**

Advancing Supply Chain Integration (Room G2)

The great Pandemic caused severe disruptions to all integrated systems from schools to goods production, and to their precision logistics chains: these systems have taken some time to repair. Analyses have shown logistics chains live on as people and industries demand products – what is needed to increase their availability and resilience? How are the businesses in China and Vietnam adjusting to supply chain rebuilding? What is the status of their capacity management; and what bottlenecks hamper future development?

- **Anny Gao**, Managing Partner, C-Bridge International Trading, China
- **Mu Guorong**, Chairman, Huijie Supply Chain Technology Co., China
- **Jiang Yu**, Chief Executive Officer, Foretech, China

Chaired by

- **Bui Phuong-Dung**, Member of the Board, Women in Tech, Vietnam

Entrepreneurs Need Interdisciplinary and Soft-skill Abilities (Room G3)

From investors through managers, and through the value chain, interdisciplinary and soft-skills are needed – funding needs to be strongly linked to customer wishes. How to foster strong technical qualifications, as well as people skills and foreign language abilities? As Chinese and Vietnam businesses enter the global markets, what are the major hurdles to overcome? How to nurture manager's administrative skills?

- **Roberto Dona**, Professor, International Business School Suzhou, China
- **Ly Quyet Tien**, Lecturer, Becamex Business School, Vietnam
- **Bill Nguyen**, Founder and Chief Executive Officer, ABS Institute, Vietnam
- **Dasha Timbush**, Founder, CastingForm, USA
- **Loan Tran**, Leadership Coach & Trainer, Vietnam
- **Kevin Varend**, Co-founder, J3D.ai Labs, Germany
- **Zoe Yuan**, Founder, Shanghai Zoe Wellness Edu&Tech Co., Singapore

Chaired by

- **Liana Melchenko**, Senior Advisor, Horizon Group, Switzerland

Emerging Trade Flows Across Asia (Room G4)

Economic integration of Asia could act as a buffer against global uncertainties. Many nations across Asia, especially ASEAN members, have increased their trade specifically with China. How will increasing trade exports from China benefit broader Asian development in high-tech? Will the general increase in Asian trade reduce the effects of economic conflicts?

- **Akira Tsuchiya**, President, The Global Institute (TGI), Japan
- **Urs Unkauf**, Managing Director, Managing Director, BWA Global Economic Network, Germany
- **Ran Zhang**, Assistant Professor, Durham University, United Kingdom

Chaired by

- **Brian Wong**, Chief Strategy Officer, Hong Kong-ASEAN Foundation, Hong Kong, China

Routes to Clean Power (Room G5)

Clean energy is a necessity to reduce pollution and slow down climate change – but following decades of cheap and easy-to-use fossil fuels the transition is difficult to achieve. How to persuade everyone to use a clean fuel which usually costs more? How to advance the planning for a regional high voltage electricity grid enabling flexible pricing of its electricity? How will local infrastructures be developed and funded to supply green energy to satisfy all local demands?

- **Trinh Hoa**, Co-founder, BUYO Bioplastics, Vietnam
- **Megan Jing Li**, Founder and Chief Executive Officer, Shanghai iMega Industry Co., China
- **Rajesh Pokharkar**, Founder and Managing Partner, Adhya Group, India
- **Nguyen Trung Ly**, Deputy General Director, Becamex VSIP Power (BVP), Vietnam
- **Zhou Jinfeng**, Secretary General, Green Development Foundation, China

Chaired by

- **Becky Wong**, Chief Executive Officer, Globex Capital Partners, Hong Kong, China

Long-term Investing in Infrastructure (Room G6)

In an uncertain world the allure of short-term gains detracts investors from putting cash into long-term infrastructure projects. How do project planners in China solve this difficulty for their large infrastructure projects? What are the major challenges in the current long-term infrastructure investment system? Do the answers lie in the greater development of public/private partnerships?

- **Mahesh M Gandhi**, President, AFII Capital, Germany
- **Duncan J. McCampbell**, Associate Professor, Metropolitan State University, USA
- **Karl Pilny**, Founding Executive Director, Asia Strategy Institute, Germany
- **Eng Kiat Tan**, General Manager, Surbana Jurong, Vietnam
- **Charlie Xue**, Founder & CEO, Dwell Realty, Vietnam
- **Zhao Xiaobin**, Managing Director, ECEC International, China

Chaired by

- **Francis Schortgen**, Associate Dean of Faculty, University of Utah Asia Campus, Korea

16.30-17.00 Contact Break

17.00-18.00 Plenary: Spearheading ESG (Auditorium)

This plenary session is part of the TCS-Horasis initiative 'Race to Zero'

Chinese and Vietnamese firms increasingly adopt their investment plans to adhere to the environment, sustainability and governance (ESG) guidelines. How to innovate their business for greater sustainability as an investment that serves the greater good? And how to measure plans that concern the ESG?

- **Bill Kung**, Founder and Chief Executive Officer, Ecovane Environmental, China
- **Bonnie Liao**, Executive Director, Social Enterprise Research Academy, Hong Kong, China
- **Penny Low**, Founder, Social Innovation Park, Singapore
- **Nguyen Quang Huan**, Chairman, Halcom, Vietnam
- **Chris Tay**, Founder and Chief Executive Officer, Drink NOD International, China

Chaired by

- **Suneet Puri**, President China, TCS, China

18.00-19.00 **Plenary: Nurturing Creativity and Innovation** (Auditorium)

Entrepreneurship is a major driving force for the global economy yet that nascent beginning of an enterprise depends on innovation, which in turn develops from creativity. How to create a good development milieu in China and Vietnam for early-day activities of large established firms as well as start-ups? How to develop a mentality that failure is normal within the creative process, even within entrepreneurial firms that might be before their time?

- **Claude Béglé**, Chairman, SymbioSwiss, Switzerland
- **Dan Cates**, Founder, Dan Cates Foundation, USA
- **Wang Dong**, Executive Director, Institute for Global Cooperation and Understanding (iGCU), Peking University, China
- **Duc Dang**, Director, Science Technology Industrial Park, Becamex IDC, Vietnam

Chaired by

- **Cuong Dang**, Partner and Chief Executive Officer, Forbes Vietnam, Vietnam

19.00 **Walk back to the Becamex Hotel**

19.15-22.00 **Welcome Dinner: Upholding an Effective Balancing Role** (Becamex Hotel)

Vietnam and China agreed to foster and improve the effectiveness of economic and trade partnerships, with priority given to promoting strategic development in different sectors and contributing to China's cooperation in Southeast Asia. How will their coordination and mutual support within multilateral frameworks continue to support other countries across Southeast Asia. What further cooperation across South-East Asia will enhance the quality of life in both nations?

- **Vo Van Minh**, Chairman, Binh Duong Province, Vietnam
- **Xiong Meng**, Executive Vice Chairman, China Federation of Industrial Economics, China

Monday, April 15, 2024

08.00-08.45 **The Art of Meditation** (Room G2)

A meditation session to recharge, gain clarity and set meaningful intentions, setting the foundation to maximize the opportunities during the Horasis China Meeting. The experience will include guided meditation and silent meditation.

- **Richard David Hames**, Founding Director, The Asian Foresight Institute, Thailand
- **Elisabetta Jiang**, Co-founder, Unicorns For Good, Singapore
- **Penny Low**, Founder, Social Innovation Park, Singapore

08.30-09.00 **Coffee and Tea upon Arrival**

09.00-09.45 **Grand Opening: Vietnam and China Drive Ahead** (Auditorium)

Vietnam and China agreed to intensify their cooperation in different fields: both sides will continue to strengthen people-to-people exchanges, organize cultural exchange and spur economic growth. What might Vietnam and China offer to each other to further develop their own and global economies?

- **Tran Hong Ha**, Deputy Prime Minister, Vietnam
- **Vo Van Minh**, Chairman, Binh Duong Province, Vietnam
- **Xiong Meng**, Executive Vice Chairman, China Federation of Industrial Economics, China
- **Jonathan Choi**, Chairman, Sunwah Group, Hong Kong, China
- **Pham Ngoc Thuan**, Group General Director, Becamex IDC, Vietnam

Ribbon Cutting Ceremony, with the co-hosts and co-organizers (Auditorium)

- **Tran Hong Ha**, Deputy Prime Minister, Vietnam
- **Nguyen Van Loi**, Secretary of the Provincial Party Committee, Binh Duong Province, Vietnam
- **Nguyen Hoang Thao**, Dep Secretary, Provincial Party Committee, Binh Duong Province, Vietnam
- **Nguyen Van Loc**, Chairman of the People's Council, Binh Duong Province, Vietnam

- **Mei Chen**, Founder, Cosmic Citizens, China
- **Farah London**, Founder, Back 2 Business International, United Kingdom
- **Murat Seitnepesov**, Chairman, Integral Group, Switzerland

09.45-10.45 **Plenary: Economic Outlook** (Auditorium)

Many of the pandemic disrupted supply chains have been re-built as work patterns have altered. As global inflation is reduced and energy demand grows – what new ventures might we see in China and in Vietnam to combat climate effects which would enhance sound economic growth and boost social well-being? What are the short- or long-term impediments to sustainable growth?

- **Don Lam**, Chief Executive Officer and Founding Partner, VinaCapital, Vietnam
- **Shan Baoguo**, Deputy President, State Grid Energy Research Institute Co., China
- **Tao Yitao**, Director, China Center for Special Economic Zones Research, China
- **Yu Jin**, Vice President, China National Offshore Oil Corporation (CNOOC), China
- **Felix Zhang**, Co-founder, Envision Group, China

Chaired by

- **Vo Xuan Vinh**, Professor, Ho Chi Minh City University of Economics, Vietnam

10.45-11.00 **Contact Break**

11.00-12.30 **Dialogue Sessions**

Investment in and Beyond the Current Era (Room G2)

High growth rates are aided by an entrepreneurial spirit which is supported by multi-staged venture capital looking to boost export growth. Both Vietnam and China embrace hi-tech and high added value manufacturing to support an Industry 4.0 model. What new government initiatives are needed to boost growth in both nations? Have they opportunities for collaboration – in which sectors? What of the more distant future?

- **Bradley C. LaLonde**, Managing Partner, Vietnam Partners, Vietnam
- **Peter C. Pang**, Chairman and Managing Partner, IPO Pang Xingpu, China
- **Indronil Sengupta**, Chief Executive Officer, Invesify, Vietnam
- **Veronica Shim**, Founder, E-Alliance, Singapore
- **Joanne Wood**, Founder and Chairman, Capital Eight, China
- **Zhi Peng**, Secretary General, Zhongguancun M&A Promotion Association, China

Chaired by

- **Farah London**, Founder, Back 2 Business International, United Kingdom

STEM Education is Necessary for Growth (Room G3)

Being better educated in science, technology, engineering and math is the foundation of new development. As China and Vietnam enter their digital age, what is the best education balance to maintain a wholesome society? How should their robotization and AI be questioned? What are the pertinent judgement calls?

- **Parag Amin**, Chief Mentor, iCreate, USA
- **Mai An**, Co-founder and President, IMT Solutions, Vietnam
- **Lucas B. Decuyper**, Chief Executive Officer, Allegro, Belgium
- **Phil Ren**, President, Hong Kong United Resources Group, China
- **Alejandro Reyes**, Senior Fellow, Centre for Contemporary China and the World, University of Hong Kong, Hong Kong, China

Chaired by

- **Harold Sjursen**, Professor Emeritus of Philosophy, New York University, USA

Raising Awareness of Digital Access for All (Room G4)

Digital apps offer individuals an immersive ecosystem in which they may trust: digital wallets, news, mobility support and chat. How might the Chinese and Vietnamese digital infrastructures be extended to reach all of their populations? What are the potential markets for remote health, banking, mobility and education apps that will drive providers? What are the technological needs to support a digital future: what comes first, building the digital infrastructure or lifting an individual's purchasing power?

- **Calvin Chan**, Assistant Provost, Singapore University of Social Sciences, Singapore
- **Christine Cheng**, Founder and Chief Executive Officer, Lushu Technology, China
- **Michael Cui**, Partner, Teja Ventures, Singapore
- **Michael Do**, Chief Executive Officer, 1Long, Vietnam
- **Tang Chun Khiang**, Founder and Chief Executive Officer, Private Nation, Singapore
- **Lincy Zhu**, Co-founder, Boxfish Education & Technologies, China

Chaired by

- **Jan René Fricke**, Co-Founder, Foodnova, Germany

Enhancing Asian Development Programmes (Room G5)

The Asian nations have differing economies; and while all espouse development not all nations are coordinating projects on a grand, global scale. How could China help to integrate Asian nations' plans so reduce their consumption of scarce materials and to minimize pollution? What economic sectors would benefit most from regional cooperation, and why?

- **Claire Dung Tran**, Founder and Chief Executive Officer, Rayo, Vietnam
- **Wang Xin**, Founder and President, Charigo Center for International Economic Cooperation, China
- **Wei Yimei**, Investment Manager, Shandong Weiqiao Pioneering Group, China

Chaired by

- **Li Hongyu**, Chief Executive Officer, Sinoglade International Consulting Co, Switzerland

Investing in Vietnam: Opportunities Now and in the Future (Room G6)

With its increasing friendly business environment, Vietnam is witnessing growing Chinese investment – to Vietnam's 4th biggest FDI source in 2022. Will Chinese investment shift more towards high-tech sectors in Vietnam? What new areas can the two countries explore to further mutual cooperation on a larger scale, at a higher level, and a greater depth? What further policy support and facilitation are needed from governments on both sides?

- **Paul-Antoine Croizé**, Managing Director, Lallemand Vietnam, Vietnam
- **Gerhard Leypoldt**, Chief Executive Officer Asia, Drossapharm, Vietnam
- **Liu Hongchuan**, Partner, Broad & Bright, China
- **Lu Xia**, General Manager, Changshu Longteng Special Steel Co., China

- **John J. Ying**, Managing Director, Peak Capital, Hong Kong, China

Chaired by

- **Eric Levinson**, Head of Business Development, VinaCapital, Vietnam

Special Session: Investment Opportunities in Binh Duong (Room G1)

Located in the Southern Key Economic Zone of Vietnam, bordering Ho Chi Minh City to the north, Binh Duong Province has many geographical advantages being near to Tan Son Nhat International Airport, railway stations, international seaports and important economic and commercial centers of the Southeast region of Vietnam. With its modern and uniformly technical infrastructure, Binh Duong province has always received great attention by international and domestic investors; becoming one of the leading localities in attracting FDI in Vietnam.

- **Pham Tuan Anh**, Chief Investment Officer, Becamex IDC, Vietnam

Chaired by

- **Mai Hung Dung**, Standing Vice Chairman, Binh Duong Province, Vietnam
- **Nguyen Van Hung**, Chairman, Becamex IDC, China

12.30-13.30 Networking Lunch (Level 2)

Sharing ideas and B2B insights in an informal setting.

13.30-14.30 Plenary: The Dynamism of Business in a Changing World (Auditorium)

Businesses face great strategic challenges as well as demands to alter corporate behavior to meet modern mores. How do businesses leaders meet these challenges – what and who informs them? And how can Vietnamese and Chinese firms successfully compete and cooperate? What markets ought they to target as a joint development?

- **Elisabetta Jiang**, Co-founder, Unicorns For Good, Singapore
- **Roger King**, Founder and Chairman, ODS Holdings Inc., Hong Kong, China
- **Duane Kuang**, Founding Managing Partner, Qiming Venture Partners, China
- **Johan Nyvene**, Chairman, Ho Chi Minh City Securities Corporation, Vietnam

- **Zhang Shoujiang**, General Manager, Haier Smart Home Vietnam, Vietnam

Chaired by

- **Alejandro Reyes**, Senior Fellow, University of Hong Kong, Hong Kong, China

14.30-16.00 Dialogue Sessions

Leading the Energy Transition (Room G2)

China, a signatory to Kyoto and Paris climate accords, is no stranger to increasing demands for all forms of energy: but is on course to beat its 2030 energy transitions target by five years. Will it become a global leader in green products, such as new electricity storage solutions? Can its 'green strategy' be transferable to other nations? What new efforts will be needed?

- **Nobumitsu Akai**, Director, JFR Group, Japan
- **Cao Huiyun**, Vice President, Shanxi Kaijia Energy Group Co., China
- **Thanos Thuan Nguyen**, Director, BECIS, Vietnam
- **Dana Ngo**, Lead Organizer, TerraBiome, Vietnam
- **Diana Sabrain**, Co-founder, OneAgrix, Singapore
- **Jerry Zhang**, Chairman, Sino-Laurel, China

Chaired by

- **Ameer Ibrahim**, Chairman, Future Governance Forum, Hong Kong, China

Implanting Industry 4.0 (Room G3)

The pandemic has reinforced the value of Industry 4.0 and acted as catalyst for the digital transformation long awaited in the manufacturing industry. What lessons are to be learned by manufacturers who are slow to embrace future-proofing their businesses? What is next for Chinese manufacturing in Industry 4.0?

- **Jasper Cao**, President, Wisetrade Inc, China
- **Qi Yanqiang**, Founder & CEO, Astar Intelligence Learning Technologies, China
- **Ha Than**, Chairman, Lac Viet Computing Corp., Vietnam
- **Li Zhongtao**, Chief Executive Officer, Capsio Technology Co., China
- **My Han Tran**, Director, My Han Manufacturing Trading, Vietnam
- **Zhou Yi**, Co-founder, MarvelTec, Singapore

Chaired by

- **Michael Walsh**, Secretary General, PBEC, Hong Kong, China

Enhancing Opportunities for Female Empowerment (Room G4)

The majority of countries maintain legal barriers that prevent full economic participation by women despite the UN accords upholding equality of opportunity. How has girls' education through to adulthood been developed in China and in Vietnam as their rural populations decline? In terms of opportunities, do greater numbers of female executives create more opportunities for female employment? What specific views do board-level females bring to a business?

- **Christine Heinze**, Advisory Board Member, Bunton, Germany
- **Hua Kening**, Co-Founder, Voices Education, China
- **Priyanka Mitra**, Partner, M12, USA
- **Yurie Mizukami**, Fellow, Global Women Asia, Laos

- **Cynthia Xin**, Educator and HR Business Partner, Vmware, China
- **Zhang Mei**, General Manager, Kunming Meilin Science & Technology Co., China
- **Zu Ren**, Director, AIA, China

Chaired by

- **Mei Chen**, Founder, Cosmic Citizens, China

Accelerating Smart City Transitions (Room G5)

China and Vietnam are both investing heavily in the creation of smart cities by transitioning from the old, or by building new cities. But first, is there a national standard for describing a city in China, or elsewhere, to permit comparisons? What are the primary issues facing the redesign of megacities? What is needed in new city design to offer the best visions for livability to all age groups?

- **Claire Chen**, President Asia-Pacific, The Rob Rockefeller S.C., USA
- **Joost Helms**, Co-founder and Director, Eindhoven International Project Office, Netherlands
- **Cong-Thang Huynh**, Co-founder, InnoLab Asia, Vietnam
- **David Jackson**, Chief Executive Officer, Avison Young, Vietnam
- **Yurong Li**, Chief Executive Officer, Lipatech, USA
- **Paul McNeill**, Managing Partner, Resonance, China
- **Pan Long**, General Manager, Shanghai Ruiqiao Civil Engineering Consulting Co., China

Chaired by

- **Amandeep Midha**, Founder, Nerd9, Denmark

Future of Innovation Clusters (Room G6)

Innovation clusters are understood to drive entrepreneurial development, lifting productivity, and a nations' economy. As innovation waves develop slowly, what government support would enhance labor productivity growth in China and Vietnam? How to integrate massive investment in biomedicine, energy and ICT? What effect will a deep science wave have on productivity?

- **Stefan Ewers**, Partner, GvW, Vietnam
- **Hui Wu**, Founder, International Co-Innovation Center for Advanced Medical Technology, China
- **Robin Nguyen**, Founder, IBI Global, Vietnam
- **Alexius Oh**, Vice Director, Vietnam-Singapore Innovation Center, Vietnam
- **Peter Porthoine**, Director, Eindhoven International Project Office, Netherlands

Chaired by

- **Miriam van Straelen**, Partner, Roland Berger, Germany

Special Session: Logistics and E-commerce Development in Binh Duong (Room G1)

Located in the Southern Key Economic Zone of Vietnam, Binh Duong Province has many geographical advantages. For many years, Binh Duong has always been the top province of the country in attracting FDI. With the rapid development of industrial parks, Binh Duong is considered a very "fertile" land for logistics businesses. Currently, logistics services are also one of the industries that Binh Duong cares about and invests in: how can it benefit in other sectors?

- **Huynh Dinh Thai Linh**, Director, Becamex IDC – Binh Duong Logistics Association, Vietnam
- **Dr. Ho Thi Thu Hoa**, President, Vietnam Logistics Institute, Vietnam
- **Scott Wang**, Vice President, Asia Pacific, WTCA, USA

16.00-16.30 Contact Break

16.30-18.00 Dialogue Sessions

Nurturing Digitalized High-Value Added Firms (Room G2)

The avowed intent of the governments of China and Vietnam is to be 'Digital First'. This will drive innovation into IoT, industry 4.0 and the benefits of using 5G and 6G. What is needed to accelerate developments? Can joint programmes be envisaged between each nation? Which sectors would offer most returns? And most social and diversity benefits?

- **Estelle Ang**, Manager, Rohde & Schwarz Asia, Singapore
- **Fu Lei**, Deputy General Manager, Keda Automatic Control Co., China
- **Chris Gutierrez**, Founder, StoreBloc, Vietnam
- **Mitchell Pham**, Co-founder, CodeHQ, New Zealand

Chaired by

- **Richard David Hames**, Founding Director, The Asian Foresight Institute, Thailand

Understanding the DNA of a Developing VC Market (Room G3)

Almost by definition a new market has imprecise properties. China and Vietnam have grown rapidly – how is it possible to weigh the future value of investments under these circumstances? Venture Capital and its investment managers are a vital ingredient in a developing market – what do the leading VCs say about their performance guidelines in China, Vietnam, and in general across Asia?

Chaired by

- **Vincent Zheng**, Founder and Chief Executive Officer, Unian Brands Group, China

SMEs are the Beating Heart of all Economies (Room G5)

SMEs are at least 90 % of all industrialized economies, supporting 50 % of employment, and contributing 40 % to GDPs: they develop new disruptive technologies. How can the suppliers and customers of SMEs increase the tech-take up of SMEs? How to ensure SMEs have good access to finance? How can the governments of China and Vietnam enhance their support of their SMEs?

- **An Le**, Chief Executive Officer, NFQ, Vietnam
- **Ho Thi Thu Hoa**, Professor and Head, Logistics and Supply Chain Management Department, Vietnam National University Ho Chi Minh City, Vietnam

Chaired by

- **Undral Amarsaikhan**, Chief Executive Officer, TenGer TV, Mongolia

Judging the Applications of AI (Room G6)

Many media are suggesting that we are entering the decade of almost universal AI; others advise prudence, to only apply AI in discrete situations. Should global AI developers accept and uphold a code, like doctors? What is the position in China and Vietnam towards rapid AI application? Do we understand AI sufficiently well to apply rules as to its application and development?
