Welcome

Welcome to The Venetian Resort Las Vegas. We are proud to partner with the U.S. Chamber of Commerce and the China Federation of Industrial Economics to host the 15th Horasis Meeting on China.

Las Vegas Sands has a deep connection and partnership with Macao that began 17 years ago with our initial, and transforming, investment in the Greater Bay region. Our goal, building Macao and the Greater Bay region into a world-class destination for family leisure, entertainment, education and global Meetings, Incentives, Conventions and Exhibitions (MICE) destination continues to this day.

We share a vision regarding global tourism, based on our long history and commitment to Macao, combined with our extensive MICE, hospitality and entertainment experience Sands continues to be focused on bringing an even greater array of MICE, food and beverage, entertainment and family-oriented options to Macao.

All of you attending this conference are leaders in your industries, doing business between the U.S. and China. While governments may sometimes disagree, every one of you are working together to find common ground to continue building strong prosperous relationships.

From all of us at Sands, we look forward to positive, beneficial conversations around creating economic opportunities between our two countries for the long run.

Welcome

The U.S. and China share the most important bilateral relationship in the world today, and businesses have acted as essential bridges between both countries for decades. Despite the challenges that have tested this relationship in recent years, the U.S. Chamber of Commerce continues to champion the benefits of U.S.-China commercial and economic exchange, which continues to serve the interests of both countries and the world.

We aim to promote strong and enduring ties by expanding two-way trade and investment, promoting cooperation, and supporting growth. We do so not only at the national level, but also crucially at the sub-national level through conferences like the 2019 Horasis China Meeting.

Together with our partners the Las Vegas Sands Corporation and the China Federation of Industrial Economics, we are proud to provide a critical platform for engagement between business leaders from the U.S., China, and the rest of the world.

Please enjoy these next two days of meetings and thought-provoking discussions, take advantage of the wonderful networking opportunities this forum provides, and share in our mission of fostering mutually beneficial U.S.-China economic exchange.
